INDIANA GIANT

HAS PASSED AWAY

By Associated Press.

Chicago, Aug. 23.—A dispatch to the Record-Herald from Indianapolis, Ind., says: Philip Kerigh, known as "Indiana's mill pond man," is dead at his home in Stylesville. He has been ill for several months with dropsy and suffered greatly during the hot weather.

For several years Kerigh was in the employ of a circus where he was exhibited as the largest man in the world. His weight often reached 770 pounds. He was over six feet high, but his bones were very small. It required two tailors to make measurement for his clothes, as it was impossible for one man to reach around his body. It took seven yards of double-width goods to make him a suit.

Noted Architect Dead.

London, August 23.—Alfred Waterhouse, a well known architect and a prominent member of the royal academy, died here today. He was born at Liverpool in 1839. Mr. Waterhouse designed many of the best known buildings in various parts of England.

THE FENCE BLISS BUILT MUST COME DOWN

Temporary Edict Issued Yesterday By Circuit Court Commissioner Coston, in Which Order is Made.

The fence that Bliss built—that fence which has caused parties to appear before boards, city council and finally before the courts—must come down. That was the order of Court Commissioner Coston issued yesterday, and it must be obeyed.

The building of fences in the vicinity of Bayou Chico seems to be sort of a hobby among those residing in that section, that is to judge by the various complaints that emanate from there. Mr. Bliss has frequently complained about fences being built, shutting off the passageway, and appeared before boards and the council to make complaints.

Lately he built one himself. But now it must come down, and will probably go down in local history as the "Fence That Bliss Built."

When Mr. Bliss recently constructed this fence, the latest of the many fences to be erected there, R. J. Brent objected. His workmen in order to reach the mill plant had a round about course to pursue to reach work. Proceedings were instituted, and attorneys employed, a temporary injunction being applied for.

This was heard yesterday morning before Court Commissioner Coston, and granted, so Mr. Bliss will have to tear away the fence that he built. Judge Blount appeared for Mr. Brent and J. J. Sullivan for Mr. Bliss.

DESERTIONS FROM ROYAL ARCANUM

PROMISED AS THE RESULT OF RAISE IN RATES ORDERED BY SUPREME COUNCIL.

By Associated Press.

New York, Aug. 23.—At a twelve-hours session, attended by representatives of seven-eighths of the Royal Arcanum membership of the United States and Canada, held yesterday in this city, resolutions were passed demanding that the supreme council of the order rescind at Put-in-Bay next week the order raising rates taken by the supreme council last May.

If this is not done, it will be declared there will be wholesale desertions and lawsuits. Open charges of breach of trust were made against the supreme council. The session was attended by prominent Arcanumites from the states of New York, New Jersey, Connecticut, Pennsylvania, Ohio, Massachusetts, Rhode Island and Michigan, which states embraced a membership of 295,000 out of the total of 316,000 in the order.

Gen. H. C. Cochran, of Chester, Pa., one of the leaders of the order, said of the supreme council's action: "It should be investigated as carefully as the affairs of life insurance companies. If anything is wrong, it must be known and steps taken to right the evil."

Frank S. Reade, grand regent of Massachusetts, Valentine W. Quigel, of Williamsport, Pa., and others spoke in an equally vehement manner. Charles M. Day, grand secretary of the order in Massachusetts, said that if the supreme council does not revoke its action the matter will be placed before the courts August 31.

It was agreed that if the supreme council fails to abandon the objectionable rates the grand council in each state where the members object to the new rates shall meet and prepare a uniform procedure to be acted upon at a special meeting of representatives.

A resolution was also passed to formulate a plan for a permanent organization to look after the interests of all subordinate councils as against "future tyranny of the supreme council."

"THE OLD SCRATCH."

How the Evil One Came to Be Popularly Known as "The Old Scratch."

One of the many familiar names of his satanic majesty is "The Old Scratch." It is undoubtedly due to the fact that scratching is so disagreeable that people thought it no worse than the evil one. A scalp full of dandruff keeps one scratching all the time; not only disagreeable but considered very inelegant in polite society—as it should be—because one ought to keep the scalp so clean that it would not itch. To cure the scalp of dandruff effectively, use Newbrow's Herculide. It kills the germ that creates the dandruff, which is preliminary to falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Herculide also is a very delightful and effective hair-dressing. Sold by W. A. D'Alemberte, druggist and apothecary, 121 S. BLISS GETTING REPLIES TO LETTERS

Mississippi Commercial Body Endorses National Quarantine and Will Do All Possible to Have it Carried Out.

Mayor Bliss is beginning to receive replies to his letters sent out a short time since to newspapers and prominent commercial bodies in the south, relative to the establishment of a national quarantine system, which he is now agitating. Yesterday he received the following from Secretary Sykes, of the Columbus Progressive Union, of Columbus, Miss.:

"Hon. Chas. H. Bliss, Pensacola, Fla.

"Dear Sir:—I beg to acknowledge receipt of your favor of the 19th, with enclosure as stated, and assure you your ideas in regard to government quarantine are in accord with ours.

PRANKS OF LIGHTNING AT DEFUNIACK SPRINGS.

The DeFunick Breeze says: The worst electric storm of the season was experienced here last Wednesday night, and five persons were more or less severely shocked, and one house, Mrs. Emma McLean's, slightly damaged.

Shortly after dark a heavy cloud came up from the northwest, and the rain which came later was preceded by considerable wind, but not heavy enough to do any damage that we have heard of. With the rain came a series of heavy discharges of electricity, one of which struck a large pine tree standing just south of Mrs. McLean's tearing the top off it, and running down the tree, and then to the house a distance of some fifty feet, where it tore a splinter off one of the sills and coming up through the floor in three places which it split in its passage, tore a leg off of a bedstead, threw her son, Johnnie, to the floor, shook Mr. McLean and tore one shoe completely off little Katie's foot and buried the foot pretty badly.

At Mr. E. W. Thorp's, Miss Belle Davis was standing near an open window and was quite severely shocked, and a moment later Mr. Thorp was shocked by another discharge.

Mrs. J. Q. Kennedy was the worst injured of any one. She was in the kitchen cooking supper, and a bolt of lightning came down the stove pipe and threw her to the floor, and stunning her so severely that it was nearly two hours before she fully regained consciousness.

Every telephone but four in the entire system was temporarily thrown out of service by the burning out of fuses, and couple of wires in the east end of town were burned in two, but no other damage than this was done.

Cut by a Woman.

In a fight last night in what is known as Luke's alley, Tom Springer, colored, was severely injured, a wound being inflicted with a knife on the neck, from which the blood flowed freely. A woman named Ada Clare was arrested by the police charged with having used the razor that inflicted the wound.

It has made my hair grow ten inches longer in five months and it is getting thicker and longer all the time. I believe in giving praise where it is due, and you can use my name as reference if you so desire."

Little Miss Russell, whose photograph appears above, is certainly one of the remarkable ones. Her beautiful hair is over thirty inches long and her mother says that "DANDERINE GREW EVERY BIT OF IT."

MISS SELMA HASSELL, 2728 North 42d Court, CHICAGO.

Miss Hassel says: "My hair would not reach below my waist when I began using your Danderine. It was also faded and splitting at the ends. Now it is over 24 inches longer than it ever was and it has regained its original rich blond color. I used the tonic about four months all together."

Z. A.
